Gents!

On the 14th inst. I sent you an answer in regards to yours of the 11th telling you, that if you had no Roman Denarii on hand, that you should send me a small selection of Greek tetradrachms, but up to today I have as yet not heard from you. I repeat my request, to send me only tetradrachms, as I have thought the matter over, & have come to the conclusion, that to keep to collecting one thing is better, than to branch off into several. You could also, if you have one type, send-

me a catalogue & one of your
sales, & forget the date, but it
was several plates of ancient
coins in it, and on the top row
of one of the plates there is
a Gold coin of Egypt which
sold for $50 or more. I want
a similar copy.

Very truly Yours

Gents!

Your P.C. to hand, and contents noted. If you have no Demarete I can supply you a selection of Greek Tetradrachms, Regal preferred, especially of Macedonia. Also if you have a Catalogue of Academia ones, send me one.

Very Respectfully,

A. Brueckner
